Howdy!

My name is Samantha Santos and I am currently a sophomore at Texas A&M University studying Supply Chain Management. I am an Executive for Progressively Reaching Excellence in Professionalism, or PREP which is a business oriented freshmen leadership organization. Through PREP, we are able to guide our freshmen on the in's and out's of the corporate world as well as provide an environment for them to foster genuine relationships. Each year, we provide a corporate trip in which we visit a company and speak with their executives which is an invaluable networking opportunity most individuals do not have, especially as freshmen. However, to allow our organization to go on corporate trip, we rely heavily on fundraising and donations. As an Executive for the finance committee, I was wondering if I would be able to speak someone about possibly having your Aggie Mom's Club donate to our organization or a possible partnership.

Thank you so much for your time,
